

Poori Padhai Desh Ki Bhalai – Let's promote girl child education

Navsarjan, in partnership with the CRY organization, conducted awareness programs across ten areas in Surat to emphasize the importance of girls' education for national progress. The initiatives engaged 328 girls and 105 boys, reaching a total of 1,259 individuals from local communities. Participants included local girls, their guardians, women from Mahila Mandals, and youth. During the events, the girl participants organized a rally where they showcased posters, placards, and slogans. They interacted with community members by presenting educational materials and discussing the vital role of girls' education in fostering national development. This initiative aimed to motivate community members to prioritize the education of girls.

Training of members of the Navchetana

A training session for Navchetana members took place on September 23, 2024, with 37 women in attendance. The primary objective of this training was to plan the upcoming Children's Day celebration and to receive guidance from Sunitaben of the Praivartan Institute. For the Children's Day event on November 14, 2024, the women selected the Tanuawas area for the program and shared responsibilities among themselves. Sunitaben also provided insights on de-addiction, discussing effective strategies to help individuals overcome addiction and empowering the women in attendance.

Bhagyalakshmi Credit Co-operative Society: A Pillar of Support

The Bhagyalakshmi Credit Co-operative Society Limited continues to be an essential support system for its members. This month, the society disbursed ₹2,95,000 in loans to eight members to meet various financial needs, such as school fees, house taxes, installments, and medical expenses. These loans have significantly contributed to improving the financial stability and well-being of the members. Additionally, the society welcomed 18 new members this month, expanding its reach and enhancing its capacity to serve a larger community in the future. This growth strengthens the society's financial foundation and allows it to provide ongoing support and empowerment to more individuals. In September, two women received loans to purchase tailoring machines, enabling them to create job opportunities and achieve greater independence.

Report writing training

A two-day training session was conducted for 16 staff members of Navsarjan by Mitchell and Ebian from Bombay, focusing on effective teaching methods for children, enhancing activities with women, and report writing skills. The training included various games to make the learning experience engaging. While the organization undertakes numerous initiatives, it is crucial to effectively communicate these efforts to others. This training emphasized areas often overlooked in report writing. Through hands-on practice, each staff member learned how to present their work more effectively to the community.

Teacher's Day

Teacher's Day is celebrated annually on September 5 to honor the contributions of teachers. This year, Navsarjan's Elite Class—encompassing tuition, sewing, computer classes, and programs for drop-out children—held a special celebration. A total of 332 children, 32 parents, and 12 women from the Mahila Mandal participated in the festivities. During the event, one or two children from each class took on the role of teachers, leading their peers and demonstrating the significance of Teacher's Day. They shared their experiences as new teachers, expressed gratitude towards their educators, and engaged in tree planting activities. The children organized the lessons themselves, showcasing their enthusiasm and creativity throughout the celebration.

Meeting with contractors

A total of 20 contractors received training at the Navsarjan Institute, conducted by Mr. Sahilbhai Patel from the Labor Health Construction Department. The training focused on their rights, available plans, and evidence-based practices. This initiative aimed to create a network among the contractors, enabling them to stay informed and benefit from various schemes. The contractors participated with great enthusiasm, making the training a success.

Meeting and Training with Youth

As part of the Adolescence Program, two meetings were conducted with children in three areas this month, with a total of 61 children participating in both sessions. During these meetings, the children were educated about important life skills such as self-confidence, self-identity, recognizing their own positive qualities, and planning how to share this knowledge with their peers.

Migrant People – Protection and Guidance

In collaboration with Mrs. Sarojben from the Labor Health Construction Department, the Dhanvantari Arogya Vehicle reached out to raise awareness about the E-Nirman Card and the PM Insurance Scheme at two construction sites. As a result, 40 workers received E-Nirman Cards, and four individuals benefited from the PM Insurance. Additionally, a total of 881 laborers across six labor markets, four slum areas, seven construction sites, and two factories were informed about the migration helpline.

In the month of September, a total of 4 cases were reported for help on the Migration Helpline.

Type of Case Number of Cases	Type of Case Number of Cases
Cases relating to wages	1
For assistance in Accidence	1

Empowering Communities: Kidney Disease Awareness Camp

Navsarjan organized a kidney disease awareness camp in the Nargisnagar, Dargah, and Premnagar areas to educate the community about kidney health. A total of 95 women participated in this informative event, where they learned about various aspects of kidney diseases, including symptoms and treatment options. The initiative aimed to enhance awareness and equip individuals with the knowledge to recognize signs of kidney issues. Following the sessions, participants received free check-ups for blood sugar and blood pressure, promoting proactive health monitoring. This approach not only improved understanding of kidney diseases but also empowered individuals to take charge of their health by identifying symptoms and tracking important health indicators. Navsarjan is dedicated to advancing health awareness and community well-being through impactful initiatives that emphasize the importance of early detection and prevention of kidney diseases. During the camp, it was observed that three individuals had high blood pressure and one had high blood sugar; all were advised to consult a doctor for appropriate treatment.

Legal guidance to people regarding housing

In a collaborative effort, women from Mahila Mandals and community leaders distributed pamphlets in nine areas: Gautamnagar, Shivshakti, Batliboy, Dargah, Marutinagar, Swami Vivekananda, Zermodi, Kamrunagar, and Phulwadi. This initiative aimed to raise awareness about the RR policy and the PPP model, engaging a total of 371 participants. Through these efforts, community members gained insights into the RR policy and the various applications of the PPP model.
